

GLEANNINGS FROM THE GLADES

Threshed Out In Belle Glade
By PHIL CLARKE

A member of the State Road Department from this district told me of a plan he recently proposed that would convert the 75-mile Belle Glade Road 25 from a dirt road to a paved highway. The plan would be to have a narrow expansion of waving saw-grass into a scenic highway.

He proposes that the Road Department, in cooperation with the WPA, establish drive-off areas about every five miles along the highway. These parking areas would be laid out in the form of camping grounds with facilities for picnic, etc. Trees and flowering shrubs would be planted and grass grown to make a spot of real beauty.

Along the road right-of-way he would plant trees and keep the grass mowed to preserve what would later become a genuine forest to people of South Florida. Instead of coming upon dozens of "junk joints" dotting the highway from the Everglades to Miami, a count number of painted signs and posters, we would see only winter tourists and their families.

In fact, as the road official informs me, such a scenic highway would attract thousands of motorists and winter tourists, not only because of the advantages of a short direct route to the Everglades, but because of the beauty of the route. He predicted that the Miami Chamber of Commerce would include the highway on the regular "tour itinerary" for winter tourists and that large motorcades of sightseers would make the round-trip into this section several times a week.

Still another attraction to be offered winter visitors is the unusually rich farming land in this area. One Miami Chamber of Commerce official stated that they would request by Northern farmers to be shown some "real farming land." What greater attraction could be offered to these persons than the Everglades. The official continued by stating it is surprising to know just how many winter tourists are attracted to the Everglades in search of an area they can understand.

It is my prediction that dozens of such retired farmers would have a desire to buy a few acres and settle down here in this region where "If It Grows Here, It Grows It."

A glance at the various business barometers—and a cursory reading of the more experienced analysts and forecasters—produce some grounds for optimism. For several months industrial conditions have been improving.

Most significant is the fact that in the business world there has been a fairly sharp rise in the index of durable goods production. Heavy industry almost always goes down first when a "depression" or "recession" is pending and almost always goes up last when we are on the verge of a "recovery" movement. In June durable goods production jumped about ten points, and later figures show that the betterment has continued.

Production of consumers goods, major barometer of the "light" industries, started upward several months ago, and by and large, has held its course. As retail figures show, the consumer is chasing power in most areas is relatively good.

Improvement is also evident in what is important field—employment. According to Business Week, employment gained 400,000 in recent months, and there has been a rise for that month in ten years. This upward trend in jobs, say most of the economists, should continue well into fall and perhaps longer.

At any rate, optimism in 1932 does not seem hurt. It is an encouraging sign that the years after 1929 have frozen many a gloomy face into a permanent "pickle-puss," and that opportunity is over the horizon coming optimistic—over anything.

MEETING POSTPONED

The regular meeting of the Belle Glade town council was postponed until next week because of the power failure on Wednesday night. Commissioners stated that the postponed meeting will be held in the new county chamber, the recently opened Town Hall.

A sure way to make a hit with the power is to have a year, is to tell her she doesn't look it.

Figures Compiled Recently Show Glades Light Rates Lower Than Many Places

Tabulation Made By Federal Power Commission

Residential electric service costs less in the Glades than it does in Vero Beach, Ft. Pierce, Lake Wales, Sebring, Kissimmee, Home-estate and the great majority of Florida cities, the latest report of the Federal Power Commission shows. Of the 65 Florida cities between 1,000 and 2,500 population in the federal census, Bonifay, Caryville, Century, Chipley, Graceville, Warrington, Milton are the only ones with lower rates for users of 250 kw. monthly. To rank Florida cities for electric service rates, the Commission computed typical bills for cities of 25,000 population and below monthly. The 25 kw. bills cover customers using electric service for lighting almost exclusively, the 100 kw. bills, for those with several major electric services.

These Northern Florida cities and Ft. Meade are the only ones out of the 65 with lower rates for 100 kw. users.

To rank Florida cities for electric service rates, the Commission computed typical bills for cities of 25,000 population and below monthly. The 25 kw. bills cover customers using electric service for lighting almost exclusively, the 100 kw. bills, for those with several major electric services.

The report for representative cities gives the following figures:

City	25kw 100kwh
Pahokee	\$2.03 \$3.03
Homestead	\$2.50 \$4.40
St. Petersburg	\$2.50 \$4.50
St. Petersburg	\$2.50 \$4.50
St. Petersburg	\$2.50 \$4.50
St. Petersburg	\$2.50 \$4.50
St. Petersburg	\$2.50 \$4.50
St. Petersburg	\$2.50 \$4.50
St. Petersburg	\$2.50 \$4.50
St. Petersburg	\$2.50 \$4.50

The Federal Power Commission's Florida report can be purchased for 10 cents from Washington. "A study of customer consumption," the report states, shows that the typical customer having lighting and small appliances, uses an average of approximately 25 kw. The customer who uses energy for lighting, small appliances and refrigeration characteristically uses somewhat less than the total consumption of approximately 100 kw. The 25 kw. bills cover homes which use electricity for lighting, heating, refrigeration, operation of small appliances and lighting.

Bus Drivers And Janitors To Stand Rigid Examination

Tests To Be Made And Paid For At County Expense

All county school janitors and bus drivers must undergo a physical examination before the opening of the school term and the results of the examination will be paid for by the county. The examination will be required to furnish health certificates. The rulings were adopted Tuesday by the County School Board in session at West Palm Beach.

All examinations of janitors and bus drivers must be made at the expense of the county, it was announced.

The following appointments were approved at the recent meeting of District 1 trustees: Mrs. Fannie McCall, Mrs. M. J. Marjorie, Mrs. C. J. Thompson, Mrs. Anna Whitley, Mrs. Margaret Pittman, Mrs. Ruth Bishop, Mrs. Anna Wood Branning and Frank Ray.

One of the most appropriate showers for a bride is the "canned goods" surprise. What is a bride without a can opener?

Rotarians Hear C. E. Costen, FSA Official

The two migratory labor camps being built in Belle Glade were described to members and guests of the Belle Glade Rotary Club at last Friday's luncheon by C. E. Costen, district engineer for the Farm Security Administration project. Mr. Costen gave an eye-opening picture of what the white and negro camps will look like when fully completed.

Also a speaker was Mayor Arthur Wells who asked the cooperation of the Rotary Club and other local civic organizations in improvement of the municipal park. Mayor Wells pointed out that the town attorney and other town officials have not been successful in efforts to sell \$10,000 bonds to finance the park.

Visitors included C. A. Bailey, Belle Glade, and William Wells, Jr., and William C. Jr.

Million Dollar Program Set Up For Dade County Road Completion Plan

Includes Section Road 26 To Shore Of Lake Okechobee

TALLAHASSEE, Aug. 22.—The State Road Department set up a \$1,000,000 program today for improvements to the Tamiami Trail and the Lake Okechobee-Miami back road in Dade County. Chairman Arthur B. Hale said the work would be financed by Dade County gasoline tax funds impounded for several months because of court proceedings.

The work will be started in about 60 days. The contracts will be awarded as quickly as details can be arranged. The work is being credited to Dade County under a special agreement with the State Road Department. The work will be financed by Dade County gasoline tax funds impounded for several months because of court proceedings.

Stollop Returns To Glades For Season

H. B. Stollop, widely known product buyer for northern markets, returned to the Glades from his business trip from Philadelphia. Mr. Stollop is of the opinion that early plantings in the Lake Okechobee area will bring only low prices on the north market. He made the trip from Philadelphia Tuesday to Tallahassee, S. C., and the remainder of the trip to Pahokee Wednesday.

Pelican Lake Gets New Postal Service

Postal service will be inaugurated beginning today to Pelican Lake, a small Everglades settlement two-and-one-half miles southwest of Anwar, it was announced by U. S. Postmaster James B. Postmaster this week. A fourth class post office has been established at Pelican Lake. The new post office will be the Star Route which serves the area between the Lake Okechobee and the Gulf of Mexico. The new mail deliveries from the East Coast and returns with mail from Clewiston on the south in the afternoon.

Contractor for the route, Reuben A. Copeland, will include a stop there on his out-bound trip each morning and will be delivering mail at this time, making the journey two-and-one-half miles to get the highway.

No information was given as to arrangements for the office, or the appointment of a postmaster or acting postmaster.

NEW DWELLING

Construction began last week on the new dwelling of N. T. Taylor, in Belle Glade, Park, near the school building. Building contractor Frank Kelly issued a permit for the six-room house and construction began shortly afterward.

Other building work in Belle Glade is in progress this week with a new beauty shop to open about September 1 adjacent to the Miami Store and in connection with the newly completed barber shop occupied by S. B. Gurkin. Mrs. Ralph Kirk and Mrs. Tony Stein will operate the new shop.

Town Offices Move Into New City Hall

Belle Glade's town offices were moved last week from the old town hall, occupied since its construction in 1929, to the new \$25,000 town hall building, which cost approximately \$13,000 in bond payments last week.

All records and equipment were moved into the new building. The floors were waxed and telephone and lights transferred. Plans are being made to hold an informal dedication celebration after the town's annual election September 12. The Belle Glade Rotary Club will probably have charge of arrangements, it was announced.

Trees Save Truck From Canal Waters

The guardians of the Glades highways—Australian plagues—saved another motorist from injury and possible death this week when an ice cream truck driven by Mack Lee of West Palm Beach skidded on a wet stretch of highway south of Pahokee and came to a halt at the canal bank when it struck trees planted there.

The truck struck the trees in approximately 100 yards before it came to a halt. The driver, who was uninjured and his truck only slightly damaged.

Duck Hunters Get An Extra 15 Days

Duck hunters in Florida, along with hunters in all other States, are permitted to hunt an additional 15 days this year. It was announced last year by the Bureau of Biological Survey that the season in Florida extends from November 15 to December 29. The daily bag limit on geese was reduced from five to four in all zones. Regulations place the daily bag limit for ducks at 10, but the possession limit is 20. Hunters are permitted to hunt an additional 15 days this year. It was announced last year by the Bureau of Biological Survey that the season in Florida extends from November 15 to December 29. The daily bag limit on geese was reduced from five to four in all zones. Regulations place the daily bag limit for ducks at 10, but the possession limit is 20. PISCATORIAL PATTERN

About Those Who Try To Outwit The Flaky Tribe In Lake Okechobee and Other South Florida Fishing Spots

The winner of last week's fishing contest at Lou Betzner's Hardware Store was a woman—Mrs. H. E. Jones. She succeeded in subduing an 8 pound, 14 ounce black bass which not only took first prize in the weekly contest, but captured second place in the season catches to date, with only a few days remaining before the end of the annual contest.

Unusually fine strings of fish have been hooked and brought in by parties fishing in Lake Okechobee and the rim canal within the past few days. H. L. Davis, for one, and W. B. Page probably had the finest string that has been landed here in a long time—14 fish totalling 45 pounds, the largest of which tipped the scales at 8 pounds, 7½ ounces.

Jack Baker and H. C. Kolstad, of Clewiston, emptied the lake of 4 bass weighing a total of 16 pounds. Mr. and Mrs. Arthur Coleman came all the way from Plant City to join with H. L. Davis again, in landing a string of 13 big ones, weighing 25 pounds.

Other fishermen included E. M. McCoy, G. H. Small and A. E. Oliver who brought in a fine string the largest of which weighed in at 5 pounds.

N. N. Henningsen, A. O. Ward, and H. C. Kolstad caught four nice bass which tipped the scale at 11 pounds—all together, of course.

Robert Kettering and Harvey D. Cox, LaBelle, brought in a string of 10 fish totalling 28 pounds.

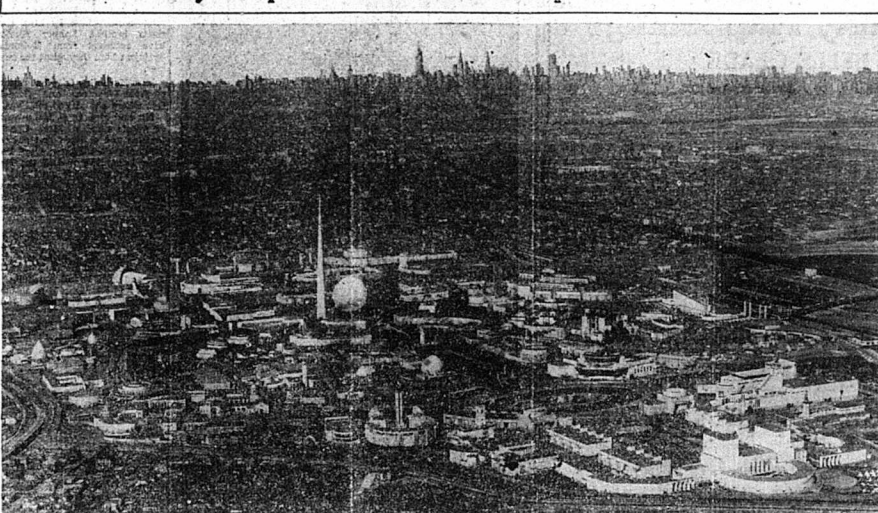

Cannon Predicts War Next 2 Weeks

PORT LAUDERDALE, Fla., Aug. 23.—Predicting war in Europe within 15 days, Congressman A. Pat Cannon in an address to the Rotary club Wednesday declared he would oppose the United States being involved to the expenditure of a single cent.

Cannon said in the German alliance with Russia Hitler now appears as the most dangerous force to stalk Europe since 1918, and it was his observation that had France and England repelled Hitler's demands at Munich his career of international gangsterism would have ended there. Now he sees no course for America other than "to avoid" involvement, because he believes this country is not "cured of its earlier foolishness."

Cannon, leaving this week for the west coast of the United States and Alaska to inspect naval operations as a member of the House naval affairs committee, said he expects to be called back to Washington for a special session of congress as a result of the European situation.

New York Skyscrapers Form Back Drop For Air View of Fair

NEW YORK (Special)—This remarkable air view of the New York Fair shows the World of Tomorrow that has sprung up against the background of New York City today.

The Tiltan and Perisphere, facade of the New York Fair, are seen dominating the 1216½-acre tract. At the lower-right is the international area with its magnificent foreign pavilions grouped around the Court of Peace below

the Lagoon of Nations. At the lower left is the Court of States. The Transportation Zone can be seen stretching out along the upper left of the Fair grounds. The picture shows the Fair's close proximity to Broadway and the skyscrapers of upper Manhattan. Actually the Fair is only 10 minutes from Broadway by Long Island Railroad, and about 25 minutes by subway. By motor the trip requires about 30 minutes, with 5 parking fields furnishing ample space.

eral superintendent, is moving this week with Mrs. Gray to the Pittsburgh apartment in St. Louis. J. F. Loftin, government engineer from Clewiston and general construction lay-out man for this project, with Mrs. Loftin, has been here for two weeks.

Cameron J. Smith, government resident engineer, and Mrs. Smith have arrived from Chicago, and has charge of removing the buildings on the site of the new locks. The contractors have been allowed 480 days to complete the work including 2,500 feet of excavation work on the approach and discharge channels.

The new locks to be 50 feet wide by 421 feet in length, with a mean depth of 12 feet, will tie up with the present lock at the south side.

Mosquitoes Lead In Insect Damage

Charges that the common mosquito lead the nation in insect damage, were made by G. H. Bradley, New Smyrna, associate entomologist of the U. S. Department of Agriculture, at a luncheon meeting Wednesday at the Hotel George Washington in West Palm Beach.

A total of \$400,000,000 was spent on the pests last year, according to Bradley, who stated the insect leads the nation in damage costs. One hundred and fifteen different varieties of mosquitoes have been identified and classified, said Bradley. Of these, Florida contains about 47, with only three to be found commonly in this section of the state. Those to be found here include the common house type that sting but do not sting, the salt and freshwater marsh mosquito that fresh water, the third, a mosquito carrier of dengue fever and yellow fever, Malaria carrying mosquitoes are not common in this section, he said.

Damage to crops and health from the mosquito caused it to be ranked first in monetary destruction throughout the nation, the speaker continued.

W. I. Fee, Fort Pierce, head of the East Coast Anti-Mosquito Control Association, introduced Mr. Bradley and spoke briefly of the efforts being made to control mosquitoes in Florida. Among the many guests of the club were Mayor John Dulany, of Baltimore, and H. J. Bradley, secretary of the U. S. Department of Commerce.

Clewiston Shells Pahokee Twirlers In Sunday Fracas

Hendry County Outfit Wins From Locals 14 to 4

Clewiston, taking advantage of the absence of Pahokee's regular moundmen and poor fielding by their opponents, slugged out an impressive 14 to 4 win over Pahokee's nine at Bateman Field Sunday.

Baxter was forced to take over mound duties for the Pahokee nine because of injury and sickness of Stafford, Jacobs and Bardin, pitching mainstays of the local team.

Boyton took over on the slab in the fifth but was shelved with equal disregard. Six errors added served to further weaken any opportunity Pahokee hurlers might

have had to avenge Clewiston's heavy attack.

Summary:
Clewiston . . . 990 033 224-14
Pahokee . . . 100 001 002-4
Batteries: Pahokee: Baxter, Boyton, M. Spooner and Crosby; Clewiston: Forbes, Hooks and Clark.

Struck out: by Baxter 1, Boynton 2, Spooner 1, Forbes 6. Two base hit: Boynton, Pugh, Crosby, Hooks, Bell, Ward, Hare, Moore (2). Hit by pitcher: by Baxter 3, Boynton 1. Bases on balls: Passoge 2, Clewiston 8. Double plays: Belle to Beardsley.

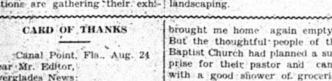

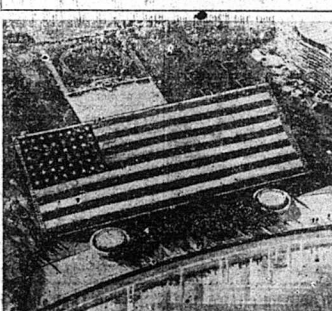

LEAGUE STANDINGS (Including Sunday's Games)
W. L. Pct.
W. Palm Beach . . . 8 2 .800
Lake Worth . . . 6 4 .600
Pahokee . . . 6 5 .545
Clewiston . . . 5 5 .500
Hobe Sound . . . 4 7 .364
Pompano . . . 2 8 .200

We are asked to believe the one about the fellow who pulled up the anchor and found a 24-inch trout attached. It took a policeman in the park to pry it loose.

JOAN BLONDELL, as an ex-bubble dancer who contributes to the entertainment in "THE KID FROM KOKOMO".
Information, please—Joan Blondell would like to know how professional bubble dancers do it. Cast as an ex-bubble dancer in "The Kid from Kokomo," she had to give a demonstration for Wayne Morris in one scene, and in doing it she broke seven standard balloons.
"I mean," she says, "I was a bubble dancer in the old days."

THE FAIR IN PICTURES

Activities on the fair grounds are increasing daily. At the top you see a giant American Flag 160x230 feet, being saluted by 1,000 school children in a ceremony marking the dedication of The Court of Peace, around which 62 nations are gathering their exhibits. In the middle appears a modern sculptural group called "Speed," featuring a woman as a winged horse. At the bottom is one unit of tulip beds. More than 1,000,000 bulbs were imported from Holland to accentuate landscaping.

CARD OF THANKS
Canal Point, Fla., Aug. 24
Dear Mr. Editor,
Everglades News.
I would just like to tell you about a church that knows their pastor. We have been a Baptist church for many years in North Carolina. As we turned our radiator in the direction of Canal Point it was with a feeling of gladness, but financially we were thinking that the words spoken by Naomi were so appropriate when she returned to the Promised land as she said: "I went out full and the Lord took me home again empty."

Prepare To Build New St. Lucie Locks

STUART, Fla., Aug. 23.—Start in taking on the atmosphere of a busy mining town as government engineers and contractors are moving in with their families and working crews preparatory to construction work on the government locks. Cleary Brothers of West Palm Beach, awarded the contract of \$642,765, expect to start work in a few days. Philip Gray, general manager of the locks, said:

Fiesta Dishes

COLOR That's the trend—a trend in every department of design and decoration—in every room in our homes.

FIESTA . . . In Six Colors

TURQUOISE GREEN YELLOW BLUE OLD IVORY RED
... Fiesta Is Superbly Shaped ...

Fiesta is of high quality, both in material and texture—is designed and executed with artistic skill of the first order.

Here in Betzner's Store in . . . Belle Glade you will find a full and complete line of this latest FIESTA

Salad bowls . . . plates . . . fruit bowls . . . nested bowls . . . ice pitchers . . . flower vases . . . vases . . . rich trays . . . sweets comport . . . egg cup . . . soup plates . . . ash trays . . . utility trays . . . plates . . . platters . . . cups and saucers . . . coffee pots . . . casseroles . . . chop plates . . . sugar bowls . . . cream pitchers . . . sauce boats . . . dessert dishes . . . salt and pepper shakers . . . candle holders and many others.

It isn't necessary to foot all the people. Pool fifty percent of the population and you're a success.
Real presence of mind is in remembering the license number of the car.

Community Happenings IN BELLE GLADE

Social and Personal Fraternal and Civic Clubs

The BYPU of the First Baptist Church entertained the Everglades at the church last night. Donald Weeks, president, presided over the business meeting. The Clewiston Union won the attendance banner and the South Bay Union the efficiency banner. Rev. Marion Stettin, pastor of the local church gave a talk on the Baptist World Alliance meeting which he recently attended in Atlanta. He stated that the World Alliance meeting will be held in 1944 at Bucharest, Rumania. The Rev. G. O. Gordon of Canal Point led in the song service, and the local choir of juniors sang. The Local Intermediates presented a play, "Aunt Sally Plans Her Work," directed by Mrs. Francis Harris and Mrs. B. C. Waddell. Those taking part were: Rosalie Waddell, Junior Bessant, Norma McCurdy, Elizabeth Cunningham, Frances Collins, Sylvia Jones, Myrtle Chancy, Jennie Waddell, Billy Stone, Robert Rashley, Reed Collins. Refreshments were served to a large number by the local Intermediates from Moore Haven, Clewiston, South Bay, Pahokee, Canal Point, Okechobee. Clewiston will entertain next month.

Mrs. Walter Granger left for Fort Myers Tuesday where she will join some friends to attend the World's Fair in New York. Mr. and Mrs. A. J. Richmond and Mrs. Benny, accompanied by Billy Hill spent the weekend in Ft. Myers near Bonita Springs. Mrs. L. E. Hamilton who has been the recent guest of Mrs. Robert Bass, left for her home at Enterprise, Tuesday. She will return later with her husband and children and spend the winter here.

Mr. and Mrs. Walter Greer accompanied by Mrs. Allen Greer left last week for Birmingham, Ala., where they were called to attend their sick grandson, Clyde B. Miller, Jr. Miss Marjorie Harris has returned to her home after a three month vacation attending the World's Fair and visiting a college friend, Miss Florence Brown in Tampa. Mrs. M. A. Hill of Miami is visiting her son and family, Mr. and Mrs. W. P. Hill. Miss Helen Jones, Wedgworth who has been in Girl Scout Camp at Cloudland, Ga., for the past two months returned Sunday to her home.

Mrs. Dick LeFalls and children, Joan and Thelma, are spending this week in Miami, where they are having her tonsils removed. Miss Clementine Betzner who has been the guest of Miss Doris Wells in West Palm Beach for the past three weeks returned to her home this week.

Among those who enjoyed a fishing trip to Fort Myers the past weekend were: G. W. Shetter, Mr. and Mrs. Henry D. Shetter, Mr. and Mrs. O. K. Jones, and son, George, Mrs. Anna Sheffer and daughters, Josephine and Ethel Ann.

Mr. and Mrs. John Harris, Mr. and Mrs. Dick Bowman and son Junior, are back home from a week's vacation at Safety Harbor. Mr. and Mrs. J. K. Baker left last week to visit Mrs. Baker's parents, Mr. and Mrs. Jim Walter at Hialeah, Fla., and Mr. Baker's father in Lynchburg, S. C.

Master John Neller entertained a lot of his friends at a birthday party at his home last Saturday afternoon. Because of the rain, games and contests were played inside. John Bregger and Edmund Jameson won in the contest. John was assisted by his mother, Mrs. J. R. Neller. Refreshments were served to George King, Max Morris, Philip Clayton, Clarence Kidder, Bobby and Marion Bass, Roger Hancoy, Edmund Jameson, John Bregger, Robert Taylor.

Mr. and Mrs. Edward King and children have recently returned from a visit to relatives in Fellsme. Mrs. and Mrs. K. Smith have had as recent guests, Dr. and Mrs. Steve Johnson of Okechobee and Mrs. Luther Goss of Atlanta. Mrs. J. H. Chambliss and children, Mrs. Patsy and Jimmy returned to their home Friday after a vacation spent with relatives in Anderson, S. C. James Skilton, a nephew of Mrs. Chambliss, accompanied them home for a visit.

Mrs. Bessie Major of West Palm Beach was a recent guest of friends in Belle Glade. Mrs. Majors had a dress shop here. Misses Elizabeth, Ruth, and Mary Jameson attended the birthday dinner in honor of Junior Neller's sister, Miss Margaret Neller, at the home of Mrs. J. H. Chambliss. Mr. and Mrs. Henry Collins had as their guests this week Misses Neller's sister, Miss Margaret Neller, and friend Miss Hazel Cantrell of St. Louis, Mo. They will return to their home from Havana, Cuba.

Misses Norma McCurdy and Betty Ann Hamilton have returned home after a visit with Mr. and Mrs. Carl Bridges in West Palm Beach. Rev. Merritt O. Slawson of Canal Point was a caller in town Tuesday.

Master George Wedgworth, who has spent the past two months in the Seminole Camp for Boys at Harrisburg, Va., returned to his home Wednesday. The Young Men's Bible Class of the First Baptist Church here, had a fried chicken dinner at the home of Mrs. W. P. Hill last Thursday afternoon. Swimming preceded the dinner which was enjoyed by the following: Rev. and Mrs. Marion Stettin, Mr. and Mrs. Howell Jones and daughter, Sylvia, Mr. and Mrs. Sam Duling and daughter, Martha Gay, and Mrs. W. J. White, Mrs. Francis Harris, Mrs. Tony Stein, Marjorie Harris, Clara Bell Morris, Sally Lloyd, Mrs. Bessie Majors, Donald McCurdy, Jack Lamb, Albert Lane, Walker Fears, Billy Stone, Angus Howard, Robert, Jack and Frank Rashley, Paul Bracken, Noah Lloyd, Franklin Stallings, Jimmie Boren, George Taylor.

Miss Elaine Freedman was hostess to a bridge party at her home Tuesday afternoon. Earnestine Paulk won high score. Those present were: Gloria Jones, Dulany, Sara Sanders of Pahokee, Elsie May Willis of South Bay, Margaret Kirchman, Elizabeth Bregger, Doris Hudson, of Belle Glade. The next week's party will be at the home of Elsie May Willis of South Bay.

J. B. Crews, St. Augustine, has come to fill the position at the Floridian East Coast Railroad Station recently made vacant by the resignation of John Greener.

H. J. Chambliss, W. P. Hill and son Billy, Jack and Garland Kease recently enjoyed a deep sea fishing trip off West Palm Beach coast.

John Michael has returned from a visit to the Worlds Fair. Miss Florence Bush has been visiting Miss Jennie Franzell of Lake Worth for two weeks.

Jimmie Hawkins left last week for Luneta, Ala., where he will visit his sister, Mrs. Forest Parks. Mrs. Roy White arrived Sunday from Warehams, Ga., to take her mother, Mrs. W. W. Miller back to her home. Mrs. Miller has been very ill for several weeks. The trip was made in the Jameson car and Mrs. White was accompanied by Rev. and Mrs. Jameson. "Mother Miller," as she is affectionately called by her many friends, stood the trip well and her friends hope she will fully recover from her illness.

Those attending the Intermediate Camp at Gwynnards Park last week returned to Belle Glade Saturday. An echo meeting of the camp was enjoyed at the Community Church Sunday night.

Those attending were: Walter Granger, Roscoe Harris, Herbert Priest, Clarence Kidder, R. H. Jameson and Rev. J. O. Jameson. Mr. and Mrs. James O. Darden and grandson Bobby Matthews have returned from spending the summer in Charlotte, N. C. Nashville, Tenn. and Salisbury, Md.

Mrs. and Mrs. L. E. Thomas and daughter, Claudia, have returned to their home after a visit with Mr. and Mrs. Howell Jones.

Levi J. Rader has returned from a trip to Washington, D. C. and New York.

Mr. and Mrs. Jay Smith gave a birthday party Monday, August 21, in honor of their son, Rayford's eighth birthday. Guests included the following: Misses Louise Webster, Jane Webster, Jeanette Hobley, Patsy Hobley and Masters Tommie Armstrong, Jean Armstrong and Adrian Rashley. Rayford received many gifts included among them a cake from Master Paul Davidson who was unable to attend the party. Games and refreshments rounded out the enjoyable affair.

Miss Elaine Freedman was hostess to a bridge party at her home Tuesday afternoon. Earnestine Paulk won high score. Those present were: Gloria Jones, Dulany, Sara Sanders of Pahokee, Elsie May Willis of South Bay, Margaret Kirchman, Elizabeth Bregger, Doris Hudson, of Belle Glade. The next week's party will be at the home of Elsie May Willis of South Bay.

Bing Crosby in "East Side of Heaven"
Sunday and Monday at Belle Glade; and Tuesday night at Pahokee.

YOU'LL GET A NEW BANG OUT OF BING

Bing is a cruising troubadour or to put it more plainly a singing artist. Joan, his sweetheart, is a hotel telephone operator. Miesha Auer is Bing's unemployed roommate who has learned from reading the stars that he should not even look for work until 1942.

There is your background for the story. And all three players do a successful job of making you like them because you know them so well. You have known them for years—the girl down the block, the boy in that cheap fourth floor room and that other likable fellow who will go to no end of trouble to keep away from work.

Baby Introduced
This trio would be quite sufficient in any picture. "Bing in East Side of Heaven," they are aided, and very materially, by "Sandy," the cutest infant ever to face a movie camera.

"Sandy" is "deposited" with Crosby by Irene Hervey, who takes this means of keeping her baby from her wealthy and hard-boiled father-in-law, portrayed by C. Aubrey Smith. That's when the fun really starts, fun such as you have rarely seen until you watch Bing, Joan and Miesha try to take care of the youngster.

Then there is the music, four brand new hitting tunes of the

kind you want to sing, whistle or hum in or out of a shower bath. They are called "East Side of Heaven," "Sing a Song of Sunblossoms," "That Sly Old Gentleman from Featherbed Lane" and "Hang Your Heart on a Hickory Limb." Johnny Burke and James Monaco, two of America's favorite song composers, wrote them. Crosby sings them in that style which is all his own. Furthermore, each song has a definite and natural place in the plot.

Clever Supervision
This was taken care of by Her. Paley and David Butler, who wrote the original story, and William Conselman who did the screen play.

REMODELS CAFE
Leonard Stalling, owner of Leonard's cafe in Belle Glade, announced this week he had nearly completed remodeling his restaurant for the fall season. Mr. Stalling has removed the partition separating the restaurant from what was formerly the pool room and is modernizing and enlarging the restaurant. Installation was completed Tuesday of several rows of leather-bound seats and workmen were busy painting new walls and fixtures this week. Mr. Stalling hasn't announced whether he will install his newly-perfected table counter invention which consists of a rotating steam table with partitions for hot dishes of food.

Two pictorial views of the Florida exhibit at the New York World's Fair have been judged as most attractive and symbols of Florida. (Left) the gardens were shown visitors of other states the progress in the development of the new industry in Florida. (In picture on right) the University of Florida at Gainesville demonstrates its work in tree research at the Florida exhibit. The exhibit commands the attention of students and professors of schools and colleges throughout the country.

Leander Lewis of Wilmore, Ky., is a guest of his brother-in-law and sister, Dr. and Mrs. W. C. Young, at Canal Point.

negroes is held on Loxahatchee River. The Scout Budget adopted for 1939 ran to a little more than \$4,000, or about \$4 a boy. But an appraisal of camp buildings and equipment runs to more than \$3,000, which seemingly is taking care of the organized outdoor activities of more than 1,600 boys at a most nominal expenditure each.—Palm Beach Post.

FLORIDA'S CHARM, INDUSTRY AND LEARNING, SHOWN AT NEW YORK FAIR

Harry Bennett, one of Florida's important growers of tung trees, looks with interest at the fruit of the tung tree planted at the Fair, and (right) Carl B. Carnegie, proxy of the General Tung Oil Group of Gainesville, Florida, and New York, plays host to Mr. Bennett. Mr. Carnegie sponsored the planting of the tung tree at the Fair to show visitors of other states the progress in the development of the new industry in Florida. (In picture on right) The University of Florida at Gainesville demonstrates its work in tree research at the Florida exhibit. The exhibit commands the attention of students and professors of schools and colleges throughout the country.
